

PREMIUM LEMONADE

with zesty & VIBRANT LEMONS

With the aroma and taste of freshly squeezed lemons, we've created a superb, clear, sparkling lemonade. Perfectly balanced to be mixed with the finest spirits, it's equally delicious as a sophisticated soft drink on its own.

INGREDIENTS & PROVENANCE

Our Premium Lemonade has a crisp, clean taste that allows the spirit its paired with to shine through without overpowering it. The subtle lemon flavour is brought out by the gentle carbonation.

The spring water we use in our Premium Lemonade is carbonated with very fine bubbles to produce a silky mouthfeel. To this, we add a small amount of lemon juice and blend with sugar to produce a delicate and refreshing lemonade with no cloying aftertaste.
